Summary	We have collaborated with Green-O-Tech India which is involved in the business of Waste paper recycling, which includes the collection of waste from site, recycle the same and deliver specific recycle stationery products. It helps in protecting the environment through energy efficiency. Green-O-Tech India™ team helps to increase the utilization of landfill space by organizing the scrap yard which improves the storage capacity and outlook

	<p>of scrap yard. By taking “Waste Paper Recycling” initiative through Green-O-Tech India™ we are able to reduce our office stationery cost by 30% to 35%. The model is offering free eco-friendly stationery products against the waste paper which enables recycling business waste means less disposal to landfill and less overall harm to the environment. Last but not least, it enables us to contribute to economic, social, and environmental, generate livelihoods and save trees, water, CO2 & electricity.</p>
