<b>Summary</b>	<p>With the number of college graduates rising every year, employers are becoming critical and strategic in selection of the recruits. The industry nowadays not only looks for technical skills but also the overall personality of its recruits. To bridge the gap between requirements of the industry and the skills of the students, Soft Skills Development Program. Five Days workshop on Soft Skill Development was organised by Delhi School of Professional Studies &amp; Research, Delhi on online platform for the Final year students of both the program i.e. BBA &amp; B.Com. from 21<sup>th</sup> to 27<sup>th</sup> April, 2020 for developing and inculcating soft skills among them. 80 students from final year registered for this program. It was very useful and informative sessions for students.</p> <p>It aimed at inculcating and building upon the basic soft skills that are required by every student while appearing for the recruitment process of any company. Soft skills are identified as the most critical skills in the current global job market especially in the fast moving era of technology.</p> <p>We organized various lectures, training sessions and presentations of various academicians and experts who encouraged them to become ideals in soft skills. There was also the active support from the Director, Dean and faculty members.</p>
