SAFE IN THE HANDS OF GOD

*We are safe in the hands of God
Most of the time we don't realize
Maybe because we have never seen him
through our eyes*

*We are safe in the hands of God
He has planned everything for our life
But he keeps it as a surprise for us
He never lets us know
He is watching all our actions*

*He is always around us wherever we go
He maintains our report card
And keeps changing the situations in our life as the way we
behave
We want to accept it or not
"He is the master, we are the slave"
We are safe in the hands of God
Sometimes he show us sunshine, sometimes darkness*

*He sometimes give happiness
And sometimes sadness*

*We are safe in the hands of God
Whatever he does is to ensure we can handle it on our own
To him everything is known
He is above all, he is the one who hold us whenever we fall
He never discloses his plans
But his plans for our life are always better than what we
decide*

*We may be wrong at times
But God is always right*

*We are safe in the hands of God
As his love for us is selfless, pure and beyond
boundaries*

*It's only we who complain from him
He always tries to keep us happy
He has no demand and holds no grudges*

WHY GOD MADE TEACHERS

*When God created teachers
He gave us special friends
To help us understand his world
And truly comprehend
The beauty and the wonder
Of everything we see
And become a better person
With each discovery*

When God created teachers

*He gave us special guides
To show us ways on which to grow
So we can all decide
How to live and how to do
What's right and what's wrong
To lead us so that we can lead
And learn how to be strong*

*Why God created teachers
In his wisdom and his grace
Was to help us learn to make our world
A better and wiser place*

DSPSR Photography

Apart from academics and co-curricular activities, DSPSR encourages its students to undertake their hobbies and passion, be it dancing, singing, theatre or photography, and pursue them whole heartedly. Saurav Kumar, a 2nd year student of BBA (G), covers the world around him through his camera under the banner of "indiathroughlens". And as the saying goes, every picture is worth a thousand words, the images speak for themselves, with every picture telling a story of its own.
