Shanu

Summary	The Rotaract Club & Women Development Cell of DSPSR showed its enthusiastic participation in "Good Touch and Bad Touch Workshop" under District Project Hope(3.0). The workshop was aimed to spread awareness on good and bad touch. The objective was to empower children with knowledge and the confidence to deal effectively with situations that can be potentially harmful. Activities such as listing of safe people, identification of bad touch areas, and the difference between a good touch and bad touch was explained. The residents of the slum were actually very happy that they were being taught about it and some of them could even relate to the examples and they now know what steps to take in case anybody touches them with the wrong intention.
