Summary	<p>The Rotaract club of DSPSR conducted a stationary distribution drive under scheme "Act of Kindness" at M.C Primary School, Kohat Enclave. The intent of this drive was to equip the children and young adults with the indispensable material one requires for their educational well-being. The children accepted the stationary blissfully and were quite overwhelmed. Since education is extremely important for these children, as it boosts the likelihood of their future stability and accomplishment, such distribution drives further aid to the fulfillment of a person's educational prerequisites.</p>
