Mani Goswami

Summary	Education is the most powerful weapon which can be used to change the world.” The Stationary Drive was organized by the Rotaract club of DSPSR in which the Rotaractors distributed stationary items such as registers, pens etc to the children of the slums (Rithala Gaon). The purpose of this event was to provide basic stationary to the children who are not from well to family so that they can assure a better future for themselves, because sometimes most of them aren't even going to school but home is always everyone's first school in order to maintain that we donated the excess stationary to these needy children. Education is the key to success. It empowers everyone so our event focused on empowering these needy children.
