Summary	The Rotaractors of Rac DSPSR took an initiative to feed stray dogs in their locality. Nowadays people do not care much about dogs that is why you can see lots of dogs roaming in the streets. Sometimes these dogs bite someone and make him injured. "A boy can learn a lot from a dog: obedience, loyalty, and the importance of turning around three times before lying down". It is important to reduce the stray animal population to control the spread of dangerous diseases and stop dog bites and attacks. It also is the cause of a lot of painful deaths for animals as well as humans.
