<b>Summary</b>	<p>The Rotaract Club of DSPSR conducted a guest lecture in college where small debate activity was done and all Rotaractors had to be either in favor/ against of social media, each group had one representative. The debate started with a few questions: What do you think of social media? Has it affected how you communicate? Well like many grown-up debates, some were in favor and some were against. Social media was also argued to be very instrumental in connecting people from various backgrounds, countries, and people from different times in our lives, like our high school friends and classmates. The event resulted in lot of discussion among participants , some agreed and some disagreed to each other's viewpoints.</p>
